

ASUS IOT N97T-IM-A

Fan-less thin mini-ITX motherboard with Intel® N97 Processor, 9-36V DC, DDR5 4800 MHz, DP, HDMI, LVDS, Dual-LAN, M.2 slot

- Intel® N97 Processor on board and with chipset integrated
- Wide range of power inputs 9~36V
- Supports 3 displays configuration by multiple interface: HDMI/DP/LVDS/eDP(optional)
- Wide temperature range endurance: 0~60°C
- Seven years of longevity with extended product life cycles

N97T-IM-AA is a Thin **Mini-ITX** Single Board Computer featuring rich I/O capabilities, advanced connectivity and flexible customization options in a smaller board that reduces chassis sizes for space-restrictive installations. Offering multiple display outputs, legacy options for industrial applications, GPIO ports, dual Intel LAN as well as rich expandability with two M.2 sockets (E and M key). N97T-IM-AA is an ideal choice for a wide range of embedded applications.
