

DEVELOP THE OPTIMAL HMI SOLUTION WITH ALCOM

Alcom offers complete HMI systems, based on PCAP touchscreens, resistive touchscreens, capacitive switches and membrane switches. Together with our partners and customers, we offer the most effective input system through our expertise and experience in designing HMI solutions.

Alcom as an experienced expert partner

In a cooperative partnership, a trend-setting qualified HMI solution is created. We share our knowledge and experience with you covering topics such as:

Success through Quality, Optical Bonding, The power of simplicity, Why resistive multi-touch?, A new standard in operating heavy machinery, Development of the perfect HMI PCAP touchscreen, ...

The best HMI solution for your application is chosen based on the project's requirements.

Contact Alcom today to advise you on the best solution.
